DOWN TO ITS DEATH

Went the Nine O'Clock Clos-
ing Ordinance.

THE VOTE WAS FOUR TO FOUR

Attorney Clark Spoke For the Saloonists
and Colonel Hill Had a Few Caustic Re-
marks In Putting Forward the Side of
the Temperance People.

Ashbaugh at last got a chance to
transact business without letting the
public know what he said, as the star
chamber member succeeded in getting
one of his pet ideas carried out last
night, council holding an executive
session before the regular meeting of coun-
cil. The meeting was for the purpose
of conferring with the counsel in the
Billingsley damage case against the city.

Council met in regular session last
night, with all members and a large
audience present.

After the reading of the minutes the
saloon ordinance came up. The com-
mittee to whom it was referred reported
that the ordinance was properly con-
structed.

The report was received and the ordi-
nance was placed on its third reading.
Upon a motion of Stewart, seconded by
Challis, council went into a committee
of the whole to hear what interested
parties had to say. Purinton here left
the chair and Stewart took his place.

Attorney Clark said he represented
one side of the case, but would like to
hear the other side first. A petition
from the Women's Christian Temper-
ance Union, was read, asking council to
pass the ordinance, and another one,
signed by Rev. J. C. Taggart, George
T. Matheny, O. C. Vodrey, George
Heisler, S. R. Ogilvie, W. G. Morris, C.
H. Morris, J. N. George, P. B. Myler,
Harry Palmer, J. C. Allison and Doctor
John Lloyd Lee, asked council to close
the saloons at 7 o'clock standard time.

Attorney Clark then made a lengthy
plea for the present ordinance, saying
that he believed it a better one than the
9 o'clock law, as crime had decreased
one-third under the 11 o'clock law. He
stated that he believed public opinion
and not private notions should control
their action on the ordinance. "From
my own personal knowledge as prose-
cutor in a great many of these cases, I
add my testimony as to the 11 o'clock
being the best one."

Colonel Hill—I am here on behalf of
the citizens. Have listened to Mr.
Clark's argument and can say that he
made a clear and forcible argument on
our behalf. He has showed the neces-
sity of falling back to the 9 o'clock ordi-
nance. He has shown by actual statis-
tics that by changing the time from 9 to
11 o'clock, very much fewer prosecu-
tions have been made. He might as
well ask you to pass an ordinance allow-
ing them to sell all night, that
there might be no prosecutions
at all. If prosecutions will
decrease by the enlargement of hours,
couldn't they be wiped out entirely by
allowing the saloons to stay open 24
hours in the day? I wish to call your
attention to the fact that the legislature
has prohibited the sale of liquor on the
Sabbath day, to minors and to habituals.
The city may enact restrictions on the
traffic in order to provide against evils
caused by it, and there is no doubt evils
do result from it. The legislature has
given you authority to act, and place re-
strictions on the matter, such as we are
advocating. More restrictions are being
made in every state, and those most in-
telligently advanced are those that have
the most restrictions. Do you not each
of you recognize the fact that the money
spent over a bar is spent by those who
can least afford it, and should not that
same money be spent to keep their fami-
lies? Every nickel spent over a bar rep-
resents one loaf of bread to the family
that needs it most. Every \$1 spent after
9 o'clock means that a man is spending
his money when he should be spending
his time at home. Why do those who
are engaged in legitimate business pro-
vide for closing at a reasonable hour?
Why should not this business be limited
to the same hours? Why should saloons
be permitted to remain open? Every re-
striction placed on intoxicating drinks
furnishes that much more to some fami-
ly that needs it. We only ask that you
restrict this sale to 9 o'clock. Take statis-
tics of crimes and nineteen-twentieths
of them are the results of the sale
of intoxicating liquors. Go to the
homes most destitute in the city
and you will find that the money that
should keep the family is being spent in
the saloons. The legislature provides
against the traffic. Why shouldn't you
exercise the power legislature has given
you. I am sorry the ordinance doesn't

call for absolute prohibition, and then
the evils would be entirely gone. I
haven't a doubt but that a great many
of the leading citizens will be glad to
know you have exercised your power by
restricting the hours. Trusting and be-
lieving you will reinact old ordinance, I
will close. Gentlemen, vote tonight so
that when you go to your homes
your conscience will tell you that you
have done that which is right.

Reverend Taggart recalled the time a
vote for local option was taken and
carried, but council wouldn't pass it, and
stated that it could again be secured by
a vote of the people. "We ask for a
limitation of hours, but that is not all
we want. We can't be satisfied as long
as the evil exists in our midst."

Clark here arose, and stated that he
wasn't present to argue the cause of the
liquor traffic, but said he was present
to argue for the public. He further said
it was council's duty to legislate for the
public welfare and not for the peculiar
ideas of anybody.

Purinton—As author of that ordinance
I would like to say a few words. I am
sorry to hear my friend say he is here in
the interest of the public. He does not
represent the interest of law and moral-
ity of the city. It was not that class of
citizens that sent him here tonight. If
evils result from the traffic, increase of
hours means increase of evils. We want
to decrease the number of drunkards,
even if they are in a back room. At 11
o'clock you have but the police to rely
on; at 9 you have private citizens. The
element that are in favor of the liquor
traffic dodge the issue. He says he
won't enter into the merits of the liquor
traffic. It has no merits; they are de-
merits. Surely a less number of hours
lessen the evils. A man will drink more
in five hours than he will in three. The
people are in favor of it. Was not our
last election nearer a prohibition one
than ever before. The 11 o'clock ordi-
nance was passed before the city knew
what council was about. Was it passed
in the interest of law and order? If it
was, why didn't law and order people
have a chance to say something about
it. I fear not to go to the people of the
city for its passage. What petitions
have you against it tonight? None, ex-
cept those who are interested in the
business in the matter of dollars and
cents."

Council then went into regular session
again, and Kent said: "I am very
proud that I have a chance to vote on
that ordinance. The ordinance now in
force was stolen. There were 42 names
on a petition asking for it, when 3,000
names could have been secured against
it. I am surprised that a learned man
like Clark should make such a slim
argument. If it had been an unlearned
man, I wouldn't have been surprised."

The question was then put by Presi-
dent Purinton, and Marshall, Kent,
Horwell and Purinton voted yes, while
Peake, Stewart, Challis and Ashbaugh
voted no. President Purinton changed
his vote to no, and stated that he did it
for the purpose of getting a reconsidera-
tion of the vote, and made a motion to
that effect, the motion being seconded
by Horwell.

Purinton—If the gentlemen deem it
unwise to make it 8 o'clock, make it 9.

A vote on the motion was taken, and
Purinton, Kent, Horwell and Marshall
voted yes, while Peake, Challis, Stewart
and Star Chamber voted no.

As the ordinance was defeated the
spectators filed out, and council passed
on to other business, Member Marshall
being excused.

An ordinance to license bill posting
and one to erect sidewalks on Lisbon
street, were read for the second time.

The petition to start the Diamond
pump, signed by 1,200 people and meas-
uring 15 feet 7 inches in length, was
next brought out, and after some talk,
on a motion of Stewart, was referred to
the water works trustees, with the
recommendation that they, if possible,
grant the request, council being power-
less to do anything.

At this moment Star Chamber woke
up and said: "Mr. Hollingshead was
down at our place today and talked to
me about it." As nobody knew what
he was talking about, council passed on
without paying any attention to
"good's" remark.

The waiver signed by the residents of
Avondale street came next, being signed
by all but two or three people. It was
passed over to the finance committee,
and a motion was made and carried re-
jecting all former bids for improving
the street.

A report was read from the finance
committee recommending the passage
of the tax levy ordinance, and against
assuming any further expenditures. They
therefore reported against council
paying for the light in the clock. The
glass house road, they reported, had not
been looked into as yet.

The tax levy ordinance, which calls

Law Allows.

THE MEREDITH CASE IN COURT

Solicitor Grosshans Made His Maiden Ef-
fort and the City Won—Two Dollars and
Costs Assessed by the Mayor—The Crowd
Enjoyed the Lawyers.

An interested crowd of spectators
thronged the mayor's court at city hall
yesterday afternoon to witness the trial
of George Meredith, Jr., who was ar-
rested on a fast driving charge. Soli-
citor Grosshans conducted the case for the
prosecution, and this, his maiden at-
tempt for the city, was an able one.
Colonel Hill looked after the side of the
defence. During the progress of the
case many spirited passages took place
between the opposing attorneys.

Three witnesses testified for the city
and six for the other side. After all the
evidence was heard and the convincing
arguments listened to, Mayor Gilbert
decided that young Meredith was guilty
and fined him \$2 and costs. Colonel
Hill gave notice of appeal. The costs
amount to \$17.25.

While Homer Myler, one of the wit-
nesses for the city, was being examined
by Colonel Hill, the latter asked a ques-
tion to which the solicitor objected. The
mayor sustained the objection, which
raised the ire of the colonel, and he ex-
claimed hotly: "Then your Honor only
wants to hear one side of the case. If
the witness told a different story, you
don't want to hear."

The mayor coolly nodded in the af-
firmative, whereupon the colonel, with
cutting sarcasm said: "Mr. Grosshans
will you take the chair, and let him
(alluding to Mayor Gilbert) act as the
attorney."

"Now, colonel, that is entirely out of
order," said the solicitor, "aggravating
and uncalled for."

The colonel bottled his anger, but
occasionally would retaliate with a
sharp retort.

OUT OF THE WORK.

Secretary Gazeley Resigns His Position at
Painesville.

A letter received yesterday from Ar-
thur Gazeley, formerly secretary of the
Young Men's Christian association here,
states that he has resigned his position
as secretary of the Painesville associa-
tion, and will leave the secretary work
for good, but will continue in the asso-
ciation work in some other branch. He
says that the Painesville association the
past year has had one of the most suc-
cessful years in its history. The gentle-
man is contemplating a jaunt to East
Liverpool on his bicycle, and before
many days go by Mr. Gazeley's many
warm friends will have a chance to
shake hands with him. The association
at Painesville will lose a valuable man;
but even during his stay in this city the
gentleman was not satisfied that he was
in the right line of Gospel work.

MERCER LOST.

The Cincinnati Team Gave Him a Hard
Drubbing.

Winnie Mercer received his first de-
feat at home yesterday at the hands of
the Cincinnati team, and they gave it to
the Washingtons in proper shape. He
was given a substantial testimony by
the routers of the Washington club,
which must have, in some manner,
upset the pride of Liverpool, for Cin-
cinnati secured 18 runs and 30 hits off
his delivery, while he gave four bases on
balls and hit one man. The Times to-
day says: "Mercer's pitching was ex-
ceedingly weak, but owing to this being
ladies' day he was kept in the box." In
the notes the same paper says: "Win-
Mercer wasn't in it yesterday. It was
ladies' day, too, and he pitched one of
his worst games of the season."

WANT THE STREET PAVED.

Calcutta People are After a Good Road-
way.

A petition that will be presented to
council is being signed by property
owners of Calcutta road, asking that the
street be further improved by being
paved. The property owners also de-
sire, as set forth in the petition, that the
city assist them in defraying the cost of
making the improvement. They re-
member the mud of last winter and
want no repetition in the remaining wet
months of the year.

NO CHANGE.

The Strike Situation at Salineville Re-
mains Unchanged.

Reports from Salineville say that the
strike situation remains unchanged, and
the prospect for a speedy settlement is

not probable. The strikers have been
receiving donations and supplies recently
from outside sources, and they claim
that they are better able to stand a pro-
longed struggle than ever. Many of
them have left the village and gone to
seek employment elsewhere.

The operators are also firm in their re-
sult to accede to the demands of the
men. The rumor that an attempt would
be made to work the mines with negroes
brought from the south is untrue and
without foundation.

HUNTING A SKIFF.

A Wellsville Man Hired One and Forgot to
Return It.

A young man named Risher, a resi-
dent of Wellsville, hired a skiff from
William Pilgrim, of the wharf boat,
Monday afternoon, ostensibly for the
purpose of taking a ride. Evening
came and the skiff was not returned, but
no apprehension was felt at this. Yester-
day word was received that the young
man and the skiff were seen close to
Steenbenville. The authorities at the
latter city were notified this morning to
look out for the young man, and it is
thought that he will be arrested today
and brought here.

BEAT THE BOY.

Then There Was a Charge of Assault and
Battery.

Miss Stella Colback, who cares for the
children of Thomas Abrams in Chester,
was arrested yesterday afternoon,
charged with assault and battery, and
the case was heard in the court of
Squire Hart in New Cumberland today.
The charge was made by Mrs. Abrams,
who does not live with her husband, be-
cause the housekeeper licked one of the
boys, and, as she claims, left numerous
black and blue marks on his person.

AT THE SAENGERFEST.

The City Will Be Represented There by a
Local Society.

The local Leider Kranz singing society
will take part in the Saengerfest festival
held in Pittsburgh during the week com-
mencing Monday, June 8. The society
is practicing for the occasion and expect
to be accompanied during their stay in
Pittsburg by a brass band from this
place. Two new, handsome banners,
recently purchased, will be carried in the
parade.

HER WRIST BROKEN.

A Waiter Did It, But It Happened to be
Dumb.

Mrs. Rachael Greenwood, of West
Market street, had two bones in her
wrist broken in a painful manner last
night, at her home. The dumb waiter,
while ascending to the story above,
stopped, and while trying to loosen it,
the waiter fell and caught her arm, with
the above result. A physician set the
injured member.

Over the Election.

George B. Gardner and Will Johnson,
residents of Chester, indulged in a dis-
pute yesterday morning over the elec-
tion held in Hancock county Saturday,
and finally came to blows. Johnson
got the best of the argument, and whipped
Gardner. Gardner then went to
New Cumberland and made a charge of
assault and battery against Johnson,
and the latter was arrested yesterday
evening.

Met Last Night.

The board of directors of the Young
Men's Christian association met last
night, and accepted the recommendation
of the committee in regard to the George
building. It will take at least five
weeks to get an order from the court to
obtain the lease, but the work of re-
modeling the building will begin as soon
as it is obtained.

Ahead of Time.

Engineer Laube was in the city this
morning, and speaking of the construc-
tion of the bridge piers, he expressed
satisfaction at the progress made. He
said that the piers will be completed in
about three weeks, a little ahead of the
contract time.

Entered Suit.

Suit was commenced in the court of
Squire Manley this morning by Laugh-
lin Ross to recover \$23.87, amount
claimed due on a promissory note. The
case will be tried May 30 at 8 o'clock. A
Mr. McClain is the defendant.

Commencing to Get Dull.

The East Liverpool pottery has closed
down indefinitely, owing to a shortage
of orders. The employees of the D. E.
McNicol Pottery company have been
notified of a shut down that will occur
soon.

Moved Away.

James Purdy has closed up his busi-
ness on Fifth street, and removed with
his family to Columbiana.

DRIED UP THE STREAM

No Longer Will Charity Flow
for the Poor

AS IT HAS IN THE PAST

The Infirmary Directors Call the Attention
of the Township Trustees to the New Sys-
tem—Will Increase the Population at the
Poorhouse.

The township trustees received official
notice this morning from the infirmary
directors that section 975, Revised
Statutes of Ohio, had been repealed by
the legislature, and would take effect
after June 1, which means that after
that date the custom of affording relief
to paupers outside of the county infirm-
ary must be abolished. They were also
notified that if cases came to their notice
of destitute persons in ill health, unable
to be removed to the county infirmary,
they would notify the infirmary di-
rectors, and they would act accordingly.

This law means, according to the
statement of the trustees, that in the
neighborhood of 50 persons, who are at
present receiving aid, will have to be
shut out after June 1, or go to the in-
firmity. The trustees have the power
to use the township funds as they see fit,
and can still keep a few people, but as
this fund is now nearly bankrupt, it will
be an impossibility for the trustees to do
very little to aid in keeping the destitute
people of the city.

Granting that, 25 of the people who
are at present receiving aid here will go
to the infirmary, and the other town-
ships will send a percentage of their
paupers to that institution, the county
infirmary will be filled to overflowing,
as it now has as many inmates as it can
comfortably stand.

Trustee Albright is authority for the
statement that should the law continue
in force for any length of time the in-
firmity will have to be doubled in size,
or the superintendent will have to hang
the people out of the windows.

The township trustees received a let-
ter this morning, stating that the an-
nual meeting of the township trustees
and infirmary directors had been abol-
ished, as it was considered to be of no
benefit to the trustees or officials of the
infirmary, an unnecessary expense to
the taxpayers, and a burden to the su-
perintendent, consequently there will be
no meeting on the second Saturday of
June. The trustees were well pleased
with this action, as they have been la-
boring for some time to secure this ob-
ject.

Teachers' Examination Over.

The examination of school teachers
was not completed until a late hour last
night owing to the large number who
were being examined. Thursday even-
ing the board of examiners will meet
and look over the papers and make out
the averages. The names of those who
are successful will be made known Fri-
day morning.

Election of Officers.

The Daughters of Rebekah met last
night and elected officers for the coming
six months. Mrs. Lottie Jessop was
made noble grand and Mrs. William Chisholm
vice grand. Two new members were also
initiated into the lodge.

May Not Close Memorial Day.

The grocery people are discussing
whether to keep stores open on Mem-
orial day. One objection to closing
the stores all day, is that berries, pro-
duce, etc., would spoil if kept over until
Monday.

Removed the Remains.

The remains of Mrs. Susannah Layton,
that were laid to rest in the United
Presbyterian cemetery at Calcutta about
six months ago, were removed to Tom-
linson's Run cemetery, West Virginia,
today.

Meeting of the Clerks.

The Clerks' union met last night and
took in two new members. There was
a good attendance and an interesting
meeting. The organization is in good
financial standing.

Knows a Good Thing.

That enterprising paper, the News
Review, of East Liverpool, came out
last evening in a handsome new dress of
type.—Wellsville Union.

Playing Ball.

Two nines selected from Knowles,
Taylor & Knowles' old end are engaged
in a base ball contest with each other
this afternoon on grounds in Bradshaw
addition.

Picnic at Alum Cliff.

A number of Calcutta young people
will hold a picnic at Alum Cliff on
Memorial Day.

haven't a doubt but that a great many
of the leading citizens will be glad to
know you have exercised your power by
restricting the hours. Trusting and be-
lieving you will reinact old ordinance, I
will close. Gentlemen, vote tonight so
that when you go to your homes
your conscience will tell you that you
have done that which is right.

Reverend Taggart recalled the time a
vote for local option was taken and
carried, but council wouldn't pass it, and
stated that it could again be secured by
a vote of the people. "We ask for a
limitation of hours, but that is not all
we want. We can't be satisfied as long
as the evil exists in our midst."

Clark here arose, and stated that he
wasn't present to argue the cause of the
liquor traffic, but said he was present
to argue for the public. He further said
it was council's duty to legislate for the
public welfare and not for the peculiar
ideas of a body.

Purinton—As author of that ordinance
I would like to say a few words. I am
sorry to hear my friend say he is here in
the interest of the public. He does not
represent the interest of law and moral-
ity of the city. It was not that class of
citizens that sent him here tonight. If
evils result from the traffic, increase of
hours means increase of evils. We want
to decrease the number of drunkards,
even if they are in a back room. At 11
o'clock you have but the police to rely
on; at 9 you have private citizens. The
element that are in favor of the liquor
traffic dodge the issue. He says he
won't enter into the merits of the liquor
traffic. It has no merits; they are de-
merits. Surely a less number of hours
lessen the evils. A man will drink more
in five hours than he will in three. The
people are in favor of it. Was not our
last election nearer a prohibition one
than ever before. The 11 o'clock ordi-
nance was passed before the city knew
what council was about. Was it passed
in the interest of law and order? If it
was, why didn't law and order people
have a chance to say something about
it. I fear not to go to the people of the
city for its passage. What petitions
have you against it tonight? None, ex-
cept those who are interested in the
business in the matter of dollars and
cents."

Council then went into regular session
again, and Kent said: "I am very
proud that I have a chance to vote on
that ordinance. The ordinance now in
force was stolen. There were 42 names
on a petition asking for it, when 3,000
names could have been secured against
it. I am surprised that a learned man
like Clark should make such a slim
argument. If it had been an unlearned
man, I wouldn't have been surprised."

The question was then put by Presi-
dent Purinton, and Marshall, Kent,
Horwell and Purinton voted yes, while
Peake, Stewart, Challis and Ashbaugh
voted no. President Purinton changed
his vote to no, and stated that he did it
for the purpose of getting a reconsidera-
tion of the vote, and made a motion to
that effect, the motion being seconded
by Horwell.

Purinton—If the gentlemen deem it
unwise to make it 8 o'clock, make it 9.
A vote on the motion was taken, and
Purinton, Kent, Horwell and Marshall
voted yes, while Peake, Challis, Stewart
and Star Chamber voted no.

As the ordinance was defeated the
spectators filed out, and council passed
on to other business, Member Marshall
being excused.

An ordinance to license bill posting
and one to erect sidewalks on Lisbon
street, were read for the second time.

The petition to start the Diamond
pump, signed by 1,200 people and meas-
uring 15 feet 7 inches in length, was
next brought out, and after some talk,
on a motion of Stewart, was referred to
the water works trustees, with the
recommendation that they, if possible,
grant the request, council being power-
less to do anything.

At this moment Star Chamber woke
up and said: "Mr. Hollingshead was
down at our place today and talked to
me about it." As nobody knew what
he was talking about, council passed on
without paying any attention to
"good's" remark.

The waiver signed by the residents of
Avondale street came next, being signed
by all but two or three people. It was
passed over to the finance committee,
and a motion was made and carried re-
jecting all former bids for improving
the street.

A report was read from the finance
committee recommending the passage
of the tax levy ordinance, and against
assuming any further expenditures.
They therefore reported against council
paying for the light in the clock. The
glass house road, they reported, had not
been looked into as yet.

The tax levy ordinance, which calls

DEAR IS THE DRIVING

When You Go Faster Than the
Law Allows.

THE MEREDITH CASE IN COURT

Solicitor Grosshans Made His Maiden Ef-
fort and the City Won—Two Dollars and
Costs Assessed by the Mayor—The Crowd
Enjoyed the Lawyers.

An interested crowd of spectators
thronged the mayor's court at city hall
yesterday afternoon to witness the trial
of George Meredith, Jr., who was ar-
rested on a fast driving charge. Soli-
citor Grosshans conducted the case for the
prosecution, and this, his maiden at-
tempt for the city, was an able one.
Colonel Hill looked after the side of the
defence. During the progress of the
case many spirited passages took place
between the opposing attorneys.

Three witnesses testified for the city
and six for the other side. After all the
evidence was heard and the convincing
arguments listened to, Mayor Gilbert de-
cided that young Meredith was guilty
and fined him \$2 and costs. Colonel
Hill gave notice of appeal. The costs
amount to \$17.25.

While Homer Myler, one of the wit-
nesses for the city, was being examined
by Colonel Hill, the latter asked a ques-
tion to which the solicitor objected. The
mayor sustained the objection, which
raised the ire of the colonel, and he ex-
claimed hotly: "Then your Honor only
wants to hear one side of the case. If
the witness told a different story, you
don't want to hear."

The mayor coolly nodded in the af-
firmative, whereupon the colonel, with
cutting sarcasm said: "Mr. Grosshans
will you take the chair, and let him
(alluding to Mayor Gilbert) act as the
attorney."

"Now, colonel, that is entirely out of
order," said the solicitor, "aggravating
and uncalled for."

The colonel bottled his anger, but
occasionally would retaliate with a
sharp retort.

OUT OF THE WORK.

Secretary Gazeley Resigns His Position at
Painesville.

A letter received yesterday from Ar-
thur Gazeley, formerly secretary of the
Young Men's Christian association here,
states that he has resigned his position
as secretary of the Painesville associa-
tion, and will leave the secretary work
for good, but will continue in the as-
sociation work in some other branch. He
says that the Painesville association the
past year has had one of the most suc-
cessful years in its history. The gentle-
man is contemplating a jaunt to East
Liverpool on his bicycle, and before
many days go by Mr. Gazeley's many
warm friends will have a chance to
shake hands with him. The association
at Painesville will lose a valuable man;
but even during his stay in this city the
gentleman was not satisfied that he was
in the right line of Gospel work.

MERCER LOST.

The Cincinnati Team Gave Him a Hard
Drubbing.

Winnie Mercer received his first de-
feat at home yesterday at the hands of
the Cincinnati team, and they gave it to
the Washingtons in proper shape. He
was given a substantial testimony by
the routers of the Washington club,
which must have, in some manner,
upset the pride of Liverpool, for Cincin-
nati secured 18 runs and 20 hits off his
delivery, while he gave four bases on
balls and hit one man. The Times to-
day says: "Mercer's pitching was ex-
ceedingly weak, but owing to this being
ladies' day he was kept in the box." In
the notes the same paper says: "Win
Mercer wasn't in it yesterday. It was
ladies' day, too, and he pitched one of
his worst games of the season."

WANT THE STREET PAVED.

Calcutta People are After a Good Road-
way.

A petition that will be presented to
council is being signed by property
owners of Calcutta road, asking that the
street be further improved by being
paved. The property owners also de-
sire, as set forth in the petition, that the
city assist them in defraying the cost of
making the improvement. They re-
member the mud of last winter and
want no repetition in the remaining wet
months of the year.

NO CHANGE.

The Strike Situation at Salineville Re-
mains Unchanged.

Reports from Salineville say that the
strike situation remains unchanged, and
the prospect for a speedy settlement is

not probable. The strikers have been
receiving donations and supplies recently
from outside sources, and they claim
that they are better able to stand a pro-
longed struggle than ever. Many of
them have left the village and gone to
seek employment elsewhere.

The operators are also firm in their re-
fusal to accede to the demands of the
men. The rumor that an attempt would
be made to work the mines with negroes
brought from the south is untrue and
without foundation.

HUNTING A SKIFF.

A Wellsville Man Hired One and Forgot to
Return It.

A young man named Risher, a resi-
dent of Wellsville, hired a skiff from
William Pilgrim, of the wharf boat,
Monday afternoon, ostensibly for the
purpose of taking a ride. Evening
came and the skiff was not returned, but
no apprehension was felt at this. Yester-
day word was received that the young
man and the skiff were seen close to
Steubenville. The authorities at the
latter city were notified this morning to
look out for the young man, and it is
thought that he will be arrested today
and brought here.

BEAT THE BOY.

Then There Was a Charge of Assault and
Battery.

Miss Stella Colback, who cares for the
children of Thomas Abrams in Chester,
was arrested yesterday afternoon,
charged with assault and battery, and
the case was heard in the court of
Squire Hart in New Cumberland today.
The charge was made by Mrs. Abrams,
who does not live with her husband, be-
cause the housekeeper licked one of the
boys, and, as she claims, left numerous
black and blue marks on his person.

AT THE SAENGERFEST.

The City Will Be Represented There by a
Local Society.

The local Leider Kranz singing society
will take part in the Saengerfest festival
held in Pittsburgh during the week com-
mencing Monday, June 8. The society
is practicing for the occasion and expect
to be accompanied during their stay in
Pittsburg by a brass band from this
place. Two new, handsome banners,
recently purchased, will be carried in the
parade.

HER WRIST BROKEN.

A Waiter Did It, But It Happened to Be
Dumb.

Mrs. Rachael Greenwood, of West
Market street, had two bones in her
wrist broken in a painful manner last
night, at her home. The dumb waiter,
while ascending to the story above,
stopped, and while trying to loosen it,
the waiter fell and caught her arm, with
the above result. A physician set the
injured member.

Over the Election.

George B. Gardner and Will Johnson,
residents of Chester, indulged in a dis-
pute yesterday morning over the elec-
tion held in Hancock county Saturday,
and finally came to blows. Johnson
got the best of the argument, and whip-
ped Gardner. Gardner then went to
New Cumberland and made a charge of
assault and battery against Johnson,
and the latter was arrested yesterday
evening.

Met Last Night.

The board of directors of the Young
Men's Christian association met last
night, and accepted the recommendation
of the committee in regard to the George
building. It will take at least five
weeks to get an order from the court to
obtain the lease, but the work of re-
modeling the building will begin as soon
as it is obtained.

Ahead of Time.

Engineer Laube was in the city this
morning, and speaking of the construc-
tion of the bridge piers, he expressed
satisfaction at the progress made. He
said that the piers will be completed in
about three weeks, a little ahead of the
contract time.

Entered Suit.

Suit was commenced in the court of
Squire Manley this morning by Laugh-
lin Ross to recover \$32.87, amount
claimed due on a promissory note. The
case will be tried May 30 at 8 o'clock. A
Mr. McClain is the defendant.

Commencing to Get Dull.

The East Liverpool pottery has closed
down indefinitely, owing to a shortage
of orders. The employees of the D. E.
McNicol Pottery company have been
notified of a shut down that will occur
soon.

Moved Away.

James Purdy has closed up his busi-
ness on Fifth street, and removed with
his family to Columbiana.

DRIED UP THE STREAM

No Longer Will Charity Flow
for the Poor

AS IT HAS IN THE PAST

The Infirmary Directors Call the Attention
of the Township Trustees to the New Sys-
tem—Will Increase the Population at the
Poorhouse.

The township trustees received official
notice this morning from the infirmary
directors that section 975, Revised
Statutes of Ohio, had been repealed by
the legislature, and would take effect
after June 1, which means that after
that date the custom of affording relief
to paupers outside of the county infir-
mary must be abolished. They were also
notified that if cases came to their notice
of destitute persons in ill health, unable
to be removed to the county infirmary,
they would notify the infirmary di-
rectors, and they would act accordingly.

This law means, according to the
statement of the trustees, that in the
neighborhood of 50 persons, who are at
present receiving aid, will have to be
shut off after June 1, or go to the in-
firmary. The trustees have the power
to use the township funds as they see fit,
and can still keep a few people, but as
this fund is now nearly bankrupt, it will
be an impossibility for the trustees to do
very little to aid in keeping the destitute
people of the city.

Granting that, 25 of the people who
are at present receiving aid here will go
to the infirmary, and the other town-
ships will send a percentage of their
paupers to that institution, the county
infirmary will be filled to overflowing,
as it now has as many inmates as it can
comfortably stand.

Trustee Albright is authority for the
statement that should the law continue
in force for any length of time the in-
firmary will have to be doubled in size,
or the superintendent will have to hang
the people out of the windows.

The township trustees received a let-
ter this morning, stating that the an-
nual meeting of the township trustees
and infirmary directors had been abol-
ished, as it was considered to be of no
benefit to the trustees or officials of the
infirmary, an unnecessary expense to
the taxpayers, and a burden to the su-
perintendent, consequently there will be
no meeting on the second Saturday of
June. The trustees were well pleased
with this action, as they have been la-
boring for some time to secure this ob-
ject.

Teachers' Examination Over.

The examination of school teachers
was not completed until a late hour last
night owing to the large number who
were being examined. Thursday even-
ing the board of examiners will meet
and look over the papers and make out
the averages. The names of those who
are successful will be made known Fri-
day morning.

Election of Officers.

The Daughters of Rebekah met last
night and elected officers for the coming
six months. Mrs. Lottie Jessop was made
noble grand and Mrs. William Chisholm
vice grand. Two new members were also
initiated into the lodge.

May Not Close Memorial Day.

The grocery people are discussing
whether to keep stores open on Mem-
orial day. One objection to closing
the stores all day, is that berries, pro-
duce, etc., would spoil if kept over until
Monday.

Removed the Remains.

The remains of Mrs. Susannah Layton,
that were laid to rest in the United
Presbyterian cemetery at Calcutta about
six months ago, were removed to Tom-
linson's Run cemetery, West Virginia,
today.

Meeting of the Clerks.

The Clerks' union met last night and
took in two new members. There was
a good attendance and an interesting
meeting. The organization is in good
financial standing.

For President,
WILLIAM MCKINLEY,
OF OHIO.

THE McKinley cyclone next month will be the biggest thing in political storms ever seen west of the Mississippi.

ANTICIPATING a protective duty on crockery, the New York importers are early arranging to place orders with European manufacturers. Every Atlantic liner leaving the city for several days has borne away the buyers of these great concerns.

"STAR CHAMBER."
After the vote of the "star chamber" member of council last night on the liquor question, or closing hour for saloons, it is easily to be seen who is backing the "good" paper, to be started in East Liverpool. All Christian men and women, and those who love law and order, will make note.

PURINGTON'S SPEECH.
John J. Purinton's speech in council last night, in favor of the 9 o'clock ordinance, and of restricting the evils consequent upon the liquor traffic, was one which should commend him to the good graces of every good, true and law-abiding citizen in East Liverpool. He will be remembered and blessed.

MAKE NOTE.
Ten minutes after council adjourned last night, three members of council, Messrs. Ashbaugh, Challis and Stewart, who voted in favor of the long hours for the saloon traffic, were in the Senate saloon. The citizens of East Liverpool can make their own applications and draw their own inferences. By the way, let it be noted that the terms of Messrs. Challis and Stewart will expire next spring. Had the 9 o'clock ordinance been in vogue, our councilmen would not have been thus led into temptation.

CLARK'S PLEA.
A great mistake has been made by the Christian and temperance people of East Liverpool in desiring to close the saloons at an early hour in the evening, as per Attorney A. H. Clark's brief and argument before the council last night, in advocacy of the liquor business in this city. By extending the hour of closing from 9 until 11 o'clock at night, the saloons have conferred wonderful blessings upon this community, and we would, as per Mr. Clark's peculiar argument, have a very heaven here upon earth were the saloons permitted to remain open all night. Attorney Clark has opened up an avenue of happiness which will be entered eagerly by each and every lover of intoxicants in general. As Colonel Hill aptly said in defending temperance: "Gentlemen, Mr. Clark has made a splendid speech in our behalf; he has proved, by statistics—by actual figures, that less prosecutions have taken place against the saloon keepers under the 11 than under the 9 o'clock ordinance. If Brother Clark had followed this up, and given the saloons the right to remain open 24 hours each day, there would be no prosecutions against our saloonkeepers."

The Sudan Ruler.
The present ruler of the Sudan was sometimes spoken of as the Mahdi. Mohammed Ahmed, the Mahdi, died in June, 1885, a victim of his dissolute mode of life. He nominated as the Khalifat el Mahdi (or Mahdi's successor) the Caliph Abdullah, the horrors of whose rule have been so vividly portrayed by Slatin Pasha. The Caliph is a Baggara of dark chocolate colored complexion, with a long and prominent nose. He wears a short beard, cut according to the Moslem custom. Owing to his sensuous mode of life he is now extremely stout. He is unable to read. His palace at Omdurman is crowded with slaves, eunuchs and young boys, who wait upon him, and his wives number some hundreds.—New York Times.

C. E. SOCIETIES WON.

General Assembly Votes to Let Them Alone.

THE REPORT ON HOME MISSIONS

Almost Causes an Outbreak on the Subject of the New Presbyterian Building in New York—Closer Inspection of Mission Matters Closed On.

SARATOGA, May 27.—The Christian Endeavor societies have won a victory in the Presbyterian general assembly. Those interested in the movement were in the majority, and they exercised their power. They eliminated most of the report of the committee on relations of young people to the church and discharged the committee. The sum total of the assembly's action comprised the adoption of "a statement of relations between individual societies and churches," which was directed to be read in the various societies, and of a provision for the collection of Christian Endeavor statistics. Provision was also made for a committee of five to report on the Brotherhood of Andrew and Phillip and on boy's brigades.

The discussion on the report on home missions showed that the assembly was on the brink of an outbreak on the subject of a new Presbyterian building in New York. The action finally taken has been variously interpreted. It contemplated the inauguration of synodical sustenance of the mission work within the bounds of each synod, and some of the members of the assembly have expressed themselves as believing this to be the first step toward the disintegration of the board of home missions. The resolutions provide for closer presbyterial inspection of requisitions on the mission board; for a movement toward self-support within each presbytery and synod, and for a committee of nine to advise with the board as to retrenchment, the causes of the present debt and improved methods of retrenchment.

Resolutions favoring international arbitration were adopted.
The report of the board of aid for colleges was first considered. It was presented by Dr. Thomas F. Clelland of Duluth. The report showed receipts, \$89,138; expenditures, \$98,787, with a total balance on hand of \$11,149. The receipts for the year decreased \$30,489. During 13 years of existence the board has aided 56 institutions and expended \$1,143,361. It holds mortgages of \$173,388 on property valued at \$942,429. The report commended the board and recommended contributions of \$150,000 during the coming year.

The moderator and clerks, acting as a committee on the next place of meeting, met with representatives of Petoskey, Mich., San Francisco and other places which desire to entertain the assembly of 1897. A strong effort was made on behalf of Saratoga. The result of the conference is not yet known.

THREE BISHOPS ORDAINED.

A Strict Temperance Report Adopted by M. E. Conference.

CLEVELAND, May 27.—The impressive ceremonies incident to the installation of the three bishops-elect—McCabe, Cranston and Hartzel—attracted much interest at the M. E. conference.
Temperance was one subject under discussion and the committee report, which was adopted, shows that the Methodist church is the uncompromising foe of the liquor traffic. An important step was taken in requesting the board of bishops to memorialize congress to so modify the revenue laws as to give them less the semblance of statutes intended to legalize the liquor traffic, especially in states which have prohibition.
Part of the session was devoted to a further consideration of the report of the committee on constitution.

MORE TAX ON BEER.

Proposed in the Senate to So Amend Filled Cheese Bill.
WASHINGTON, May 27.—A tariff and finance each came in for a share of consideration in the senate. Senator Sherman succeeded in having the filled cheese bill taken up, whereupon Senator Dubois (Rep., Ida.) offered an amendment adding 76 cents per barrel to the tax on beer. The senator said his amendment was intended to test the sincerity of senators who expressed the patriotic desire to aid the treasury by raising more revenue.

Mr. Sherman opposed the amendment as a skillful means to defeat the cheese bill. His motion to table the Dubois amendment was defeated—yeas, 25; nays, 30. On the question of adopting the amendment the debate became general, Senators Mills and Gray supporting and Nelson, Aldrich and Vilas opposing it.

The bill and pending beer amendment were displaced by the bond bill, which was advocated by Mr. Pritchard (Rep., N. C.) and opposed by Mr. Lindsay (Dem., Ky.).
A bill was passed to pension, at \$75 a month, the widow of General George E. Spencer, at one time United States senator from Alabama.

TO REPEAL ALCOHOL CLAUSE.

The Bill Goes Through the House. Analysis of the Vote.

WASHINGTON, May 27.—The house, by a vote of 165 to 69, passed the bill for the repeal of section 61 of the present tariff law, providing for a rebate on alcohol used in the arts or medicinal compounds. An amendment was attached to the bill providing for a joint commission, to consist of three members of each house to examine and report on all questions relating to free alcohol at the next session.

The opposition to the measure came almost entirely from eastern and New England states. An analysis of the vote shows that 56 Democrats, 104 Republicans and 5 Populists voted for the bill and 69 Republicans and 9 Democrats against the bill. CAPSIZED A FERRYBOAT

A Cyclone's Death Freak at Cairo, Ills.

THOSE WHO PERISHED NUMBER 13.

Victims Were Penned Up in the Cabin to Keep Out of the Rain—Men at the Pilot Wheel Blown Into the River. Others Had Narrow Escapes.

CAIRO, Ills., May 27.—A hurricane and cyclone has struck this city.

The opera house and Union depot were unroofed, numbers of trees destroyed and signs blown down, but no houses were destroyed nor lives lost in the city. The ferryboat Katharine was capsized at the mouth of the Ohio, drowning all on board but the captain, engineer and clerk.

The storm came up very suddenly from the northwest. The ferryboat had just started from Cairo and was still in the Ohio river and near the Illinois shore. The rain was very heavy and most of the people were all in the cabin with the doors shut. There was no warning, the boat turned over when the squall first struck her.

The captain and the clerk were both at the wheel and were blown out of the pilothouse into the water and the boat turned over on them. They happened to be so far away that as she came over they caught the guard and pulled out from beneath her. Of those in the cabin only Dr. Orr and Joseph Curry got out and they were badly hurt.

The following were drowned: Chas. Gilhofer, Cairo; Daniel Hayes, Cairo; a colored woman, Cairo; Ward Rittenhouse, Cairo; Mr. and Miss Stanley, Wickliffe, Ky.; Richard Thurman, a printer, Cairo; Mrs. William Shannon and baby, Bird's Point; Mrs. Mary Jones, Jackson, Tenn.; Lewis Hall, colored, Cairo; Asbury Alexander, colored, Wickliffe, Ky.; George Davis, colored, Cairo; Miss Orr, Bird's Point.

At Bird's Point, Mo., opposite this city, a church and ten other buildings were moved from their foundations, trees blown across tracks and the running of trains interfered with.

27 PROBABLY PERISHED.

Later Reports Increase the Horror at North McGregor, Iowa.

DURBUQUE, Ia., May 27.—Passengers from North McGregor report the bodies of seven town people have been recovered; also those of six canvasmen attached to Kirkhart & Ryan's circus. The canvasmen had entered a boxcar, preparatory to accompanying their show to Winona, and they were caught in the car when the cloudburst came. The names cannot be had yet. The most conservative estimates place the loss of life at North McGregor at 27.

Conductor W. J. Durbin, who runs a passenger train between Milwaukee and McGregor, says that soon after the water from Bloody run began to rise the cries for help from the terrorized and helpless people, living upon the lowlands were heartrending, but that little could be done by those on bluffs nearby, as all were compelled to flee for their lives from the high grounds. On one boxcar, as it floated by, Mr. Durbin saw two men, supposed to be tramps, who were calling in piteous tones to be rescued. They could be seen jumping from one car to another, as they proceeded together toward the Mississippi. The houses of two families, one numbering six persons and the other five, floated by and the screams of the women, wails of the children and cries of the men were heard above the din and roar, but all who heard and saw the awful sight were powerless to rescue them. The names of the dead and missing are not obtainable at present, owing to the great confusion and lack of communication.

PROHIBS IN SESSION.

The National Convention Convened This Morning.

A HOT FIGHT FROM THE START.

Broad Gauge and Narrow Gauge Elements Clash Over the Temporary Chairmanship—Stevens, Narrow Gauge, Had a Majority in the Committee.

PITTSBURG, May 27.—The national prohibition convention, which convened at 10 a. m. today, was ushered in with a bitter fight over the temporary organization. Chairman Dickie of the national committee reported that the committee had selected Hon. A. A. Stevens of Pennsylvania for that position, and a minority of the committee presented a protest or something of the kind. Chairman Dickie said he would be governed by precedent and would not officially present a minority report to the convention. Right there a contest began which promises to make this the most famous convention in the history of the prohibition party. The contest is between the broads and narrows, and principles rather than men are involved from the very start.

The national committee met last night in the ordinary of the Seventh Avenue hotel to perfect arrangements for the opening of the convention this morning and to hear the reports of officers. The result of the session was a decisive victory for the narrow gauge faction. Chairman Dickie presided and W. W. Wardwell of New York was secretary. After the usual work of perfecting the

SAMUEL DICKIE.

roll and admitting a large number of proxies, business began with 48 members in their seats.

The question of temporary chairman for the convention was taken up first. George C. Christian of Arkansas nominated Hon. A. A. Stevens of Pennsylvania. Ex-Governor St. John of Kansas

nominated Edward J. Wheeler of New York, formerly on the editorial staff of The Voice. Both gentlemen were supported in eulogistic speeches. It was seen at once that the test of strength in the committee of the broads and narrows was on. E. W. Chaffin of Wisconsin wanted a vote by roll call, but Mr. Hipp of Colorado moved for a vote by ballot. Governor St. John moved to lay the motion of Mr. Hipp on the table, and it was done. The roll was called and the vote resulted in 32 for Stevens and 15 for Wheeler for temporary chairman.

The strength of the narrow gauge element was greater than expected. Homer L. Castle of Chicago for the position of temporary secretary. He was elected by acclamation and was authorized to select as many assistants as he thought necessary. Treasurer Samuel D. Hastings presented his report as treasurer, with the indorsement of auditors, which showed the total receipts of the executive committee for the year to have been \$18,766.01 and the expenditures, \$16,611.35. The report was satisfactory to the committee.

WILL NOT COME BACK

Rev. R. B. Whitehead Has Decided to Leave.

A VACANCY IN THE SCHOOL BOARD

Mrs. Whitehead Will Resign Her Position Next Fall—The Reverend Gentleman Will Ask the Conference to Give Him Some Other Charge.

Next fall there will be a vacancy in the board of education, Mrs. Whitehead being the member who will present a resignation.

Rev. R. B. Whitehead has decided to ask the Methodist Protestant conference to place him in charge of some congregation other than the one in this city. This will take his family from the city, and Mrs. Whitehead will, of course, go with them. There is a bare possibility that the conference will not do as the minister wishes, and refuse to move him, but the chances are largely in favor of the reverend gentleman. The only reason he assigns for the move is that some of his congregation, a small minority, oppose him. Reverend Whitehead has called to their attention certain actions which are not in keeping with the rules of the church, and they have not taken kindly to his view. While he could go to the conference with the endorsement of a large majority of the congregation, he refuses to remain if all is not harmonious. Mrs. Whitehead will resign her position in the school board early in the fall.

Married This Afternoon.

Rev. R. B. Whitehead this afternoon at 4:30 o'clock said the words which united in marriage Mr. Harry F. MacKenzie and Miss Sadie Worcester. Mr. MacKenzie is the well-known photographer, and the bride is the daughter of Mr. Thomas Worcester, of Akron, but for many years a resident of this city.

M'KENZIE'S GALLERY.

Arrangements Made For Perfect Commercial Work.

Mr. F. L. Cowles, of New York city, one of the finest artists in commercial photography in the United States, has associated himself with Harry F. MacKenzie, in the First National bank building, East Liverpool, where he now has on exhibition some splendid samples of work done since his arrival in this city. Mr. Cowles guarantees work in his line, in every particular, and pottery manufacturers will find it to their best interest to pay the gallery a visit and inspect work for themselves.

An Eminent Optician Here.

J. M. McKinney, our enterprising jeweler, has made arrangements with Dr. Maurice G. Benedict, of Cleveland, one of the most eminent and capable opticians of the day, to attend to the wants of his many customers who are in need of an optician's services. Doctor Benedict has been connected with the firm of Benedict Bros., of Cleveland, for 30 years, and is not what is termed a 30-day graduate. This is a rare opportunity and should be appreciated by the spectacle wearers of this community. The doctor carries a complete case of ophthalmic instruments, and makes a thorough examination of the eyes, free of charge. The most difficult cases, and children especially, are treated with glasses, lenses properly adapted, according to the French dioptric system, to the most difficult cases in the varied forms of presbyopia (old sight), astigmatism (weakness), myopia (near sightedness), hypermetropia, simple, compound and mixed, astigmatism, inequality of vision, want of accommodation and so on. The doctor will be at Mr. McKinney's store Wednesday, May 27, and remain one week.

Card of Thanks.

We return our earnest and sincere thanks to one and all in this community who so kindly gave us their sympathy and aid in our late terrible bereavement, in the loss of a beloved husband and father. Especially do we desire to be remembered to Rev. R. B. Whitehead, pastor of the Methodist Protestant church, and the choir thereof; to the employees of the Dresden pottery; to Undertaker John Rinehart and to Mr. William Pilgrim, with the wish that our Heavenly Father may remember them in mercy and shower blessings upon them.

DOWN TO DEATH.

CONTINUED FROM FIRST PAGE.

for a levy of 12 mills, the same as last year, was passed under a suspension of rules, as it was absolutely necessary.

An ordinance to keep children under 14, unless accompanied by parents or guardian, off the streets between 8 p. m. and 4 a. m. was read for the first time. The clerk was instructed to furnish each member with a copy of this ordinance.

Ordinances to improve Pennsylvania avenue, East End; Mulberry street, East End; First avenue, East End; Huston road, and to relay sidewalks on Sixth street, from Jefferson to Monroe, were read for the first time and referred to the finance committee.

A resolution in regard to the mayor collecting fines from prisoners, and recommending that the mayor and street commissioner see that they work fines out on streets if they have no money, was read for the first time.

A resolution granting the Goodwin Pottery company a right to build a bridge across the alley for the purpose of connecting their works was read, and upon motion the request was granted.

Challis moved the clerk be instructed to advertise for bids for improving Avondale street from Bank street to Calcutta road. The motion was defeated by a vote, only two or three councilmen voting.

Stewart seemed to think that the board of health had to have a hand in this, but President Purinton told him there was a more serious obstacle in the way, money. Purinton here entered into a long detail of the state of the city's finances, and the matter was left in the hands of the finance committee.

The sewer commissioners recommended that a sewer be laid on Ravine street and one on Peach Tree alley; that the sewers on Thompson avenue and Front street be lowered. The report was referred to the finance committee.

Peake moved the city engineer secure the service of the county surveyor and locate the California road or Trentvale street. This was lost, Peake alone voting yes, his second having got lost somewhere.

An invitation was received from the Grand Army, asking the mayor and city officials to take part in the parade. It was moved it be accepted, Members Stewart, Purinton, Horwell, Challis and Peake voting yes, and Kent and Star Chamber voting no. President Purinton said he disliked very much to pass that invitation without council accepting it unanimously. Kent said his reason for voting no was because he had no money to expend on carriage hire.

The bond of James McCullough, with Frank Dickey and E. J. Smith, was read and referred to the finance committee.

Solicitor Grosshans called attention to the dangerous condition of the streets and that of the river road at Thompson's pottery. Stewart said this was the best recommendation he had heard since he had been a member of council, and the matter was left in the hands of the street committee, with instructions to take action at once. Council then adjourned.

Persons who sympathize with the afflicted will rejoice with D. E. Carr, of 1235 Harrison street, Kansas City. He is an old sufferer from inflammatory rheumatism, but has not heretofore been troubled in this climate. Last winter he went up into Wisconsin, and in consequence has had another attack. "It came upon me again very acute and severe," he said. "My joints swelled and became inflamed; sore to touch or almost to look at. Upon the urgent request of my mother-in-law I tried Chamberlain's Pain Balm to reduce the swelling and ease the pain, and to my agreeable surprise, it did both. I have used three 50 cent bottles and believe it to be the finest thing for rheumatism, pains and swellings extant. For sale by A. H. Bulger, druggist."

We return our earnest and sincere thanks to one and all in this community who so kindly gave us their sympathy and aid in our late terrible bereavement, in the loss of a beloved husband and father. Especially do we desire to be remembered to Rev. R. B. Whitehead, pastor of the Methodist Protestant church, and the choir thereof; to the employees of the Dresden pottery; to Undertaker John Rinehart and to Mr. William Pilgrim, with the wish that our Heavenly Father may remember them in mercy and shower blessings upon them.

MRS. SARAH KIRKHAM AND FAMILY.

There is no danger in giving the remedy to babies, as it contains nothing injurious. Twenty-five and 50 cent bottles for sale by A. H. Bulger, druggist.

DOWN TO DEATH.

for a levy of 12 mills, the same as last year, was passed under a suspension of rules, as it was absolutely necessary.

An ordinance to keep children under 14, unless accompanied by parents or guardian, off the streets between 8 p. m. and 4 a. m. was read for the first time. The clerk was instructed to furnish each member with a copy of this ordinance.

Ordinances to improve Pennsylvania avenue, East End; Mulberry street, East End; First avenue, East End; Huston road, and to relay sidewalks on Sixth street, from Jefferson to Monroe, were read for the first time and referred to the finance committee.

A resolution in regard to the mayor collecting fines from prisoners, and recommending that the mayor and street commissioner see that they work fines out on streets if they have no money, was read for the first time.

A resolution granting the Goodwin Pottery company a right to build a bridge across the alley for the purpose of connecting their works was read, and upon motion the request was granted.

Challis moved the clerk be instructed to advertise for bids for improving Avondale street from Bank street to Calcutta road. The motion was defeated by a vote, only two or three councilmen voting.

Stewart seemed to think that the board of health had to have a hand in this, but President Purinton told him there was a more serious obstacle in the way, money. Purinton here entered into a long detail of the state of the city's finances, and the matter was left in the hands of the finance committee.

The sewer commissioners recommended that a sewer be laid on Ravine street and one on Peach Tree alley; that the sewers on Thompson avenue and Front street be lowered. The report was referred to the finance committee.

Peake moved the city engineer secure the service of the county surveyor and locate the California road or Trentvale street. This was lost, Peake alone voting yes, his second having got lost somewhere.

An invitation was received from the Grand Army, asking the mayor and city officials to take part in the parade. It was moved it be accepted, Members Stewart, Purinton, Horwell, Challis and Peake voting yes, and Kent and Star Chamber voting no. President Purinton said he disliked very much to pass that invitation without council accepting it unanimously. Kent said his reason for voting no was because he had no money to expend on carriage hire.

The bond of James McCullough, with Frank Dickey and E. J. Smith, was read and referred to the finance committee.

Solicitor Grosshans called attention to the dangerous condition of the streets and that of the river road at Thompson's pottery. Stewart said this was the best recommendation he had heard since he had been a member of council, and the matter was left in the hands of the street committee, with instructions to take action at once. Council then adjourned.

Persons who sympathize with the afflicted will rejoice with D. E. Carr, of 1235 Harrison street, Kansas City. He is an old sufferer from inflammatory rheumatism, but has not heretofore been troubled in this climate. Last winter he went up into Wisconsin, and in consequence has had another attack. "It came upon me again very acute and severe," he said. "My joints swelled and became inflamed; sore to touch or almost to look at. Upon the urgent request of my mother-in-law I tried Chamberlain's Pain Balm to reduce the swelling and ease the pain, and to my agreeable surprise, it did both. I have used three 50 cent bottles and believe it to be the finest thing for rheumatism, pains and swellings extant. For sale by A. H. Bulger, druggist.
